UNIVERSITY OF THE PHILIPPINES SYSTEM

UP was established on 18 June 1908 by Act No. 1870 “to provide advanced instruction in literature, philosophy, the sciences and arts, and to give professional and technical training to every qualified student regardless of age, sex, nationality, religious belief, or political affiliation.”

The first three academic units organized were the College of Fine Arts, the College of Medicine and Surgery and the College of Agriculture.

Throughout its history, UP played a leading role in responding to the needs of the nation, stressing academic excellence and quality learning. This role finds expression in the University’s principal functions, namely, instruction, research and community (extension) service.

UP has seven (7) constituent universities (CU) and one (1) autonomous unit based in the cities of Quezon, Manila, Davao, Baguio, Cebu and in the provinces of Laguna and Iloilo.

1. UP Diliman, the University’s flagship campus, offers arts and sciences programs as well as professional programs such as engineering, law and accounting. It also has a campus in San Fernando, Pampanga. On 23 April 1982, UP Diliman was declared as a CU and started its operation as a CU on April 26 of the same year.

2. UP Los Baños started out as the College of Agriculture in 1909. It is one of the first units to be organized after UP’s founding in 1908. In 1972, the College of Agriculture evolved into a CU.

3. UP Manila is the country’s center of excellence in the health sciences, including health professional education, training and research. It was established originally on 1 December 1905 as the Philippine Medical School and later called as the UP College of Medicine and Surgery on 10 June 1907. It was renamed as the Health Sciences Center on 17 June 1967 and declared as autonomous member on 24 January 1979. On 23 March 1983, UP Manila was created as the 2nd CU of the UP System.

a) In 1976, the University established the Institute of Health Sciences (IHS) in Tacloban, Leyte which was transferred in Palo, Leyte and renamed as the School of Health Sciences (SHS) in 1989. It aims to develop community-oriented health workers who would return to render service in the underserved places of origin from where they were recruited.

b) The 2nd SHS extension campus located at the northeastern region of Luzon was inaugurated on July 21st in honor of the University's centennial anniversary in 2008. The SHS extension campus in Baler, Aurora aims to solve the mass exodus of doctors, nurses and midwives for greener pastures abroad and the maldistribution of the available health manpower in the country.

c) The 3rd SHS extension campus was launched on 15 June 2010 in Koronadal, South Cotabato. The University has set up another extension campus of UP Manila's SHS to bring medical and health education closer to remote areas of the Philippines in need of trained health care professionals.

4. UP Visayas was formally established as a CU of the UP System in 1979. Its main campus is located in Miag-ao, Iloilo. Other campuses are in Iloilo City and Tacloban City in Leyte. The CU is noted for its College of Fisheries and Ocean Sciences.

5. UP Open University (OU) evolved from the UP Distance Education Program. Its creation was approved by the Board of Regents on 23 February 1995 as the fifth CU of the UP System. As of 31 December 2014, there are seven (7) Learning Centers, 21 Testing Centers and one (1) virtual Learning Center equipped with facilities that serve as venues for students here and abroad to enhance self-learning.

6. UP Mindanao was created on 20 February 1995 under Republic Act No. 7889. A resolution of the Board of Regents adopted UP Mindanao as the sixth member of the UP System on 23 March 1995 and started its operations on June 1996. Its campus is situated in Barangay Mintal, Tugbok District, Davao City.

7. UP Baguio started out as an Arts and Sciences College and was inaugurated as a regional degree-granting unit of UP Diliman in 1961. The College was formally established as the 7th CU of the UP System as approved by the Board of Regents on 2 December 2002. As the hub of many cultural activities in Northern Luzon, UP Baguio has contributed to the development of the arts and the nurturing of the region's cultural heritage.

8. The elevation of UP Visayas Cebu College to an Autonomous Unit (AU) under the Office of the President was approved on the 1260th meeting of the Board of Regents held on 24 September 2010. The autonomy will prepare UP Cebu to become a full-fledged CU.

Recently, UP has begun the establishment of the UP Professional Schools (UPPS), the University's first graduate-level institution geared to deliver quality advanced education to career-driven professionals near the Central Business Districts of the country.

1. UP Professional Schools Bonifacio Global City (UPPS-BGC) was created upon the signing of a Memorandum of Agreement with Deed of Conveyance (MOA-DOC) between UP System and the Bases Conversion and Development Authority (BCDA) on 19 July 2011. A 4,300-square-meter BCDA property in Bonifacio Global City (BGC) Taguig City was donated for this purpose. The ground-breaking ceremony was held on 24 July 2012. Initially, UPPS-BGC will be offering UP Diliman's graduate Engineering, Business, Statistics programs and professional degree program in Law. It will also serve as a distance learning center of UP Open University.

2. UP Professional Schools Cebu (UPPS-Cebu), located in the Cebu South Road Properties (SRP) in Cebu City, was inaugurated on 30 January 2013. UPPS-Cebu is currently offering graduate degree programs in Business Administration, Education, Computer Science and Environmental Studies under the aegis of UP Cebu faculty and staff.

ADMISSION REQUIREMENTS

General Requirements

Graduates of foreign and Philippine high schools accredited by the Department of Education (DepEd) may be admitted as freshmen into the University based on the following:

1. Performance in the U.P. College Admission Test (UPCAT); and
2. Weighted average of final grades obtained in the first three years of high school.

Graduates of foreign high schools may qualify for admission into programs that are not over-subscribed as beginning freshmen without having to take the UPCAT provided they meet other requirements.

The UPCAT

The University of the Philippines College Admission Test (UPCAT) is a four-hour examination consisting of subtests on Language Proficiency, Reading Comprehension, Mathematics and Science. The UPCAT is in English and Filipino.

Standardized scores on these subtests are combined with the weighted average of final grades in the first three (3) years of high school to determine qualification into UP. Moreover, to implement the policy of democratization to make the UP studentry more representative of the nation's population, socio-economic and geographic considerations are factored in the selection of campus qualifiers.

UPCAT applicants are ranked based on their admission grades which are the combined UPCAT scores, high school grades, and equity factors where applicable. Admission grades like the University Predicted Grade (UPG) measure the applicant's potential to do well in the University.

Specific Conditions for UPCAT Eligibility

To be eligible to take the UPCAT, one must meet certain specific requirements.

FIRST: One must belong to one of the categories listed below:

1. Senior students (e.g., Fourth Year, Grade 12, Senior 6) of DepEd-accredited schools or secondary schools abroad (expecting to graduate at the end of the school year);
2. Graduates of DepEd-accredited schools or secondary schools abroad; or
3. Those declared eligible for admission to college after taking the **Philippine Educational Placement Test (PEPT)**.

NOTE: Graduates of DepEd-accredited schools or secondary schools abroad and those declared eligible for admission to college after taking the PEPT

- b. must not be taking any college subject/s at present; and
- c. will not be taking any college subject/s prior to or for the semester/academic year for which the UPCAT is to be taken.
